Hi Maria and Eric -

I am jumping ship for the day in a minute or so... But wanted to attach the latest draft of our school renovation brochure which might be a good companion document to this new environmental resources brochure. I'll see if I have time to look it over tomorrow or maybe early next week.

Hi Eric and Jorine,

Please find the attached DTSC DRAFT Environmental Resources Brochure. The Brochure is intended as a separate attachment to Director Lee's letter to the Garden Grove Unified School District (regarding Carver ES).

We also plan to send the Brochure to Districts undergoing "modernization" work at older schools to advise of state and federal hazardous waste management requirements at schools.

Note – the Draft brochure is still missing the link for the CDE's California Lead-Safe Schools Protection Act.

I value your insight and comments, so please let me know your thoughts.

Thank you,

Maria
